

UNIVERSITY OF
CALGARY

FACULTY OF SCIENCE

Celebrating Dr. Richard Guy

Legacy Celebration: October 1 – 4, 2020

About Richard Guy

Passionate about life and learning, Richard held many roles and was a pillar of the community since he arrived in Calgary in 1965 alongside his beloved late wife, Louise.

Throughout their lives, Richard and Louise dedicated themselves to sharing their zest for life and Richard's love of mathematics with students, colleagues, and the community.

Building on their commitment to the University of Calgary and the community, they established the annual Richard and Louise Guy Lecture and the Dr. Guy Memorial Scholarship in Mathematics.

You're invited to join us online to celebrate the life of Emertus professor and mathematician Dr. Richard Guy.

Thursday, October 1

Richard & Louise Guy Public Lecture
Speaker: Dr. Terence Tao, UCLA

Friday October 2

The unsolved problems workshop: a mathematics workshop in honour of Richard Guy

Saturday October 3

Mathematical Play in honour of Richard Guy: a day of recreational math for students

Sunday October 4

"Peace is a disarming concept" : a celebration of the life of Richard Guy for all friends
