## **Note – Timelines**

The exact date of cannabis legalization has not yet been confirmed by the federal government. The City's approach to cannabis stores enables it to accept and process applications in accordance with Council's rules, but to only approve them once the exact date of legalization and the requirements in the regulations is known and the federal and provincial law is in force. As a result, standard timelines for development permits and other approvals will not apply in this case. Applicants will be informed of timelines from the file manager as their application progresses.
