### **Here are the details of the application:**

Land Use Designation: R-C1

**Description:** The Brentwood CA has received an application for a Development Permit (DP) to allow for a new 2-car garage and a backyard suite above the garage. The application shows a garage with area of 861ft<sup>2</sup>. Access to the suite is by external stairs and the suite roof height is 24.6ft above the garage floor. The suite contains kitchen, living and laundry areas, 1 bedroom and bathroom above the garage, plus a second bedroom and bath, as well as a small balcony, accessed up another set of internal stairs. An outdoor amenity space will be provided in the backyard for the suite tenants. Suite parking is in the garage, with lane access.

The City requires that plans be circulated only to “members of the public who would be directly affected” (i.e. neighbours). If you are affected, and wish to view the plans, please provide your name and address to the Brentwood Community Association, and a copy of the plans will be made available to you.

**Note:** If you wish to comment on this DP, please also send a copy to the BCA to ensure that your feedback is considered in the community response.
